tom:
Gb (forma dos acordes no tom de G)
Afinação: Eb Ab Db Gb Bb Eb

Intro:

Ride til here this is not the end
Sixty steps to raise your mind
Build your spirit walking to the shrine
I went around around around to see the things around and find
my
Way home
I'm just waiting til the right time
When I ride on my little bike

[Verse 1]

Come tonight
Riding slowly to the 69
And my friend keep in mind
The road is long but it will be fine
I got wind in my face
Eyes are glowing with the final rays
I can see the green fields
Smoke is buzzing from the magic stick

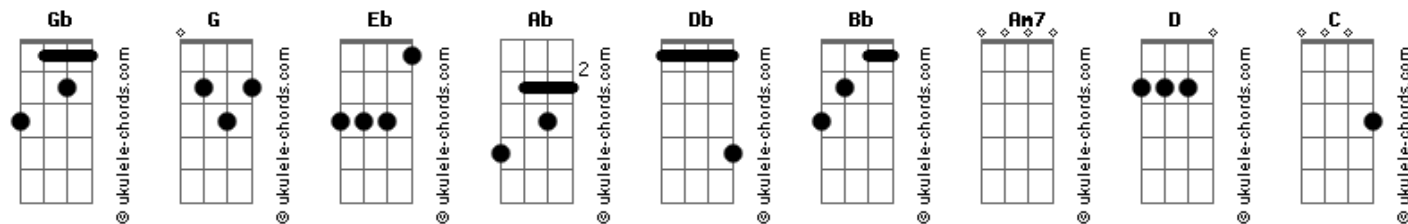

[Chorus]

And I know where the peace of mind is

[Verse 2]

Come my friend

Acordes

[Chorus]

And I know where the peace of mind is

[Verse 3]

See the birds flying on the trees
Walking in the wood you see the creatures live in nature
You see the sunrays kiss your face a little
See the fields through the edged trees
Listen to the sounds, the smells, the colours of the pictures
Around you feel the changing of the season
[Chorus]

And I know where the peace of mind is
And I know where the peace of mind is
