

The Police - A Sermon

Tom: **G**

-note that this tab is the only one of it's kind so far-

Tabbed by Kostkaskater

This is pretty much the whole song on the guitar.

You play this pretty fast.

Go double tempo with the speed of the drums and listen to it more to get the speed down.

Main riff(lead)

Chorus-Palm Muted

Its sounds just right. I modified it from the last one.

And I will be doing more since there is nobody doing this band\'s tabs.

Enjoy!
