In this TAB version, the solo might not be right as I can't see it in my head at the moment.

In the solo, the indicates a slide from 13th to 15th and back.

So sit back, relax, turn the music up loud and enjoy.
 Intro:

1st verse
 Night came down jungle sounds were in my ears

City screams are all I've heard in twenty years

The razor's edge of night it cuts into my sleep

I sit upon the edge now shall I make that leap?

chorus

Always talking to myself
 Oh.....

solo (also used in the outro overtop of chorus section)

lyrics

1st verse
 Night came down jungle sounds were in my ears
 City screams are all I've heard in twenty years
 The razor's edge of night it cuts into my sleep
 I sit upon the edge now shall I make that leap?

chorus
 I'm the omegaman
 I'm the omegaman
 The omegaman
 I'm the omegaman
 I'm the omegaman
 Always talking to myself

2nd verse
 Skys alive with turned on television sets
 I walk the streets and seek another vision yet
 The echo makes me turn to see the last frontier
 The edge of time closes down as I disappear

repeat chorus

3rd verse
 Times that's best is when surroundings fade away
 The presence of another world comes close to me
 It's time for me to throw away this paper knife
 I'm not alone in reaching for a perfect life

repeat chorus

outro
 (I'm so tired)
 I'm the omegaman

repeat until fade.
