

# The Pretty Reckless - Hit Me Like a Man

Tom: Bb

Eb Intro: Em G A (3x)  
(Em G A B)

Afinação: Eb Ab Db Gb Bb

I am strong, but love is evil  
There's a version of perversion that is only  
for the lucky people  
Take your time and do with me what you will  
I won't mind  
You know I'm ill  
You know I'm ill

So hit me like a man  
and love me like a woman  
Bury the side, look me in the eyes, I want it  
One will give you hell  
one will give you heaven

Hit me like a man  
and love me like a woman  
Love me like a woman

Love is strong, but I am evil  
You are wrong about me  
Take your time

I will play with me until  
You can hear the children scream like they're stuck inside  
a dream like you

So hit me like a man and love me like a woman  
Bury me alive, I can see it in your eyes, you want it

Some will give you pain,  
Some will give you pleasure

Hit me like a man  
and love me like a woman  
Love me like a woman

Don't you run away, run away from me  
I will run away from you  
Don't you run away, run away from me  
I will run away from you

Hit me like a man, love me like a woman  
Found the Devil deep inside, can't you see I'm what I wanted  
some will give you hell

some will give you heaven

Hit me like a man  
and love me like a woman  
Love me like a woman  
Love me like a woman  
Love me like a woman
