

The Rescues - Break Me Out

tom:

C

My empty room, crowded to soon

F C Am

I look for the fire escape

C Am

I picture myself, running like hell

F C

Making my getaway

F G

The walls are caving in with no warning

Am G

This ship is sinking, I gotta swim for it

F G

I'm running out of air

C

Break me out tonight, I wanna see the

F

Sun rising anywhere but here

Am G

Come with me. Oh, this could be

C

The only chance we get, we gotta take it

F

We don't do it now we'll never make it

Am

Lose this crowd

G

Oh break me out

C Am

Whisper of our feet, sneak down the street

F C

Some kind of secret race

C Am

They'll carry on, Won't notice we're gone

F C

So easily replaced

F G

The walls are caving in with no warning

Am G
