

The Rolling Stones - Cant You Here My Knocking

Tom: **G**

Mick Taylor's mind in this stuff!!!)

CAN'T YOU HEAR ME KNOCKING

This song is divided in two parts, the first one is the rythm (by Keith) and the other is the solo (by Mick Taylor).

The first part is in **G** tuning (DGDGBD) and the other is in standard tuning.

You should play the rythmic with a DoublePickup on a Telecaster (Custom) with the neck pickup.

For the solo, it's a heavy LesPaul sound with sustain, played on the neck pickup too.

For both sections, a valve amp is required...

So here it is...
