

# The Rolling Stones - If You Need Me

Tom: G

If you need me, why don't you call me  
 Said if you need me, why don't you call me  
 Don't wait too long, when things go wrong  
 I'll be there, yeah, where i belong  
 Said if you want me, why don't you send for me  
 Said if you want, want, want  
 All you gotta do is send for me  
 Don't wait to long, just pick up your phone  
 I'll be there, right there, where i belong  
 People always told me, darling

That you didn't mean me no good  
 But i know deep down in my heart  
 I done the best i could  
 And one of these days, darling, it won't be long  
 You're gonna come walking through that door  
 And i know in my mind these are the very  
 Words you're gonna say to me  
 I still love you, always thinking of you  
 I still love, love, love  
 Always thinking of you  
 Don't wait too long, when things go wrong  
 I'll be there, right there, where i belong
