

# The Rolling Stones - Stealing My Heart

Tom: D  
Intro: D Bm Gb G (3x) D A

Verse 1:

Well luck is expensive and freedom comes cheap  
When love's on the menu, I don't drink so deep  
Well I was just out there to have me some fun  
But it's easier said than done

Mmm... we're standing so far apart  
We had a string of false starts  
I can't seem to stop it now  
It grows and it grows and it grows

Chorus:

Stealing my heart,  
stealing my heart,  
stealing my heart  
Yeah

Verse 2:

My cards are on the table, you can look up my sleeves  
You say you're honest but love is for thieves  
Well I was just out there, chaste as a nun  
But it's easier said than done

Yeah, like a shot in the dark  
You shoot me right out the park  
I can't seem to stop it  
It grows and it grows and it grows

Chorus:

Stealing my heart,

stealing my heart,  
stealing my heart

Yeah

Instrumental:

G Gb D G Gb A (2x)

Verse 3:

Well you've got no money and I've got no charm  
While you're in a panic, I stay so calm  
Well I was just out there to have me some fun  
But it's easier said than done

Yes, yeah, I though I was shot open  
Yeah, you were a walk in the park  
I though you were dinner,  
but you were the shark

Chorus:

Stealing my heart,  
Stealing my heart,  
Stealing my heart  
Stealing my heart  
Yeah, stealing my heart  
Stealing my heart  
Yeah, stealing my heart  
Stealing my heart, yeah

Outro: D Bm Gb G

Stealing my heart  
Yeah, stealing, stealing my heart, yeah  
Stealing, stealing, stealing, stealing my heart  
Come on, come on  
Stealing my, stealing my heart?
