tom:
E

[Primeira Parte]

E
If it's the last time
I'll hold your hand in mine A
Look into your eyes
All our good times passing by Dbm
Remembering our highs
It's hard to say goodbye, oh-oh A
E
When was the last time
We laughed until we cried A
Might be the last time
I know we're near the end Dbm
Can't rewind it back to when A
We wasted our days and nights just dreaming
[Refrão]

E
This is the last time
Closing scene to your story
A
Thank you for your time
Cheers to a new opening
Dbm
I'll miss you endlessly
Hope we meet again someday
A
Smiling like before
Time will heal us
E
Missing you, missing you now
Missing, missing you now
A
Missing you, missing you now
We're missing you
Dbm
Missing you, missing you now
Missing, missing you now
A
Missing you, missing you now
We'll kiss you, goodbye
[Segunda Parte]

E
Rushing to save time
A
But time waits for nobody alive

Acordes

I can't turn back what's done
Can't change us

Wanna spend more time beside you
