

# The Roues Brothers - I'm Movin' Out

tom:

Intro: C G7 C

Tell me what's in a kiss  
If your heart's not in it  
We could have wedded bliss  
If we'd only begin it  
I'm feelin' low down  
You know what I'm talkin' about  
You let the blues move in  
Now I'm movin' out

This old house ain't a home  
With no love inside it  
We set out pretty strong  
Now we just can't fight it  
I'm leavin' today  
I don't wanna argue or shout  
You let the blues move in  
Now I'm movin' out

[Ponte]

What's the use in buyin' a car  
If you won't buy gasoline  
We used to be two under par  
Now we can't get on the green

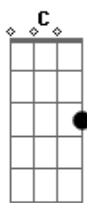

I don't know where it went  
But it sure went a-flyin'  
Love's like dough that's been spent  
Now there's no use a-cryin'  
Tell me where can I go  
East or west or north or due south  
You let the blues move in  
Now I'm movin' out
