

The Sedonas - Trace of Rain

tom:
Capo: 5ª casa (forma dos acordes no tom de F)

I was sitting there
In the way you don't care
In the way you just want a day to go away
And then suddenly, I caught sun rays
And I thought to myself man, I'd better stay
Hold me closely, yeah
And hold me rightly, well
Don't ever want this feeling to go away
Hold me dearly, yeah
And a-clearly, well
Blue skies, not a trace of rain
As you know, I didn't move an inch
I just let in all that glow
And then the weirdest feeling came over me
Every worry just let go
Hold me closely, yeah
And hold me rightly, well
Don't ever want this feeling to go away
Hold me dearly, yeah
And a-clearly, well
Blue skies, not a trace of rain

Acordes

(F C Dm Bb F C Dm Bb)
Now people've told me that there wasn't no sun
And that day was full of rain
But as you remember, this is my memory
I can think what I thought with no shame
Hold me closely, yeah
And hold me rightly, well
Don't ever want this feeling to go away
Hold me dearly, yeah
And a-clearly, well
Blue skies, not a trace of rain
Hold me closely, yeah
And hold me rightly, well
Don't ever want this feeling to go away
Hold me dearly, yeah
And a-clearly, well
Blue skies, not a trace of rain
Not a trace of rain, oh yeah
Yeah, yeah, yeah
Yeah, ye-ye-yeah, yeah
Yeah, ye-ye-yeah, yeah
Yeah, ye-ye-yeah, yeah
Yeah, ye-ye-yeah, yeah
Yeah, ye-ye-yeah
Yeah, yeah, yeah, mm
