

The Shins - Sea Legs

Tom: F

Its a really easy song if you follow the rythm. this is just the chord shapes in order appear. please note that the song is played on acoustic and do not be thrown off by the bassline

:Intro/verse chords

:Chorus
Cause when the dead moon

:Chorus outro
Throw all consequence aside

Then back to intro chords and again play the chorus followed by chorus outro. then after the outro:

And the chill aspire, people set alight(play chords after this is sung)

the rest of the song isnt too hard if you want to learn it and where the x's are you can the surrounding notes if you wish. other that that... Enjoy :)
