Go out with me to see the lights in this town
We can tear them all down
We will burn them all out
Go out with me, start a fight in the street
We have nothing to eat
but we're quick on our feet
We like the way you like to play with our eye
We're only looking surprised
Come on and dance
come on and dance
You would like living here if you gave it a chance
Come on and see
come on and see
We'll never make it without knowing this one thing
We're only ghosts in this house
                     Em
Go out with me to see my luck's running out
I've been kicked when I'm down
```

```
I hope you never find out
Go out with me, see I'm no kind of man
but I do what I can
Will you lend me your hand?
We like the way the air is burning our lungs
We're only doing this for fun
Come on and dance
You would like living here if you gave it a chance
Come on and see
come on and see
We'll never make it without knowing this one thing
We're only ghosts in this house
We're only ghosts in this house
We're only ghosts in this house
Come on and dance
come on and dance
You would like living here if you gave it a chance
Come on and see
You never make it you know anything
