

# The Smiths - Girlfriend In A Coma

Tom: C

This song is awesome. I've not seen a tab in here for it so i thought i'd have a go. This is my first tab so sorry if it's totally wrong. The riff I'm pretty sure is accurate but the chords may need a bit of altering. If you find any faults with it please tell me.

The chords are:

**G** These are the verse chords you can play these instead  
 C(X32010) of the riff if you wish.  
 D(XX0323)

Chorus:

**Em** By chprus im referring to the part where it goes

**Em** 'Do you really think she'll pull through' bit  
**C** This is what I am least sure of it sounds a  
**C** bit odd.

Finally this is the riff that seems to be played pretty much the whole way through the song.

```
E|-----
B|-----
G| 0-4-2-3-5-4-2-----
D|-----5-4-4-5-----
A|-----
E|-----
```

There other variations of it which u can play like up around the 9th fret of the **D** string. I tabbed it for here because i feel it sounds better here.
