Intro: **G7M C G7M C**

**G7M**  
Oh, my God

It's been so long **C**

I'm a passenger, satellite

Still hanging on **C**

**D Em C**  
Man, am I terrified?  
(Take it all away)  
**D Em C**  
'Least I can say that I tried  
(When I'm still the same)  
**D Em C F**  
Man, am I burning alive?  
**Em D**  
What have I become?  
**D G7M**  
Sadness don't own me for long

( **G7M C G7M C** )

**G7M C**  
All that time, over too soon  
**G7M**  
And there's panic rising up, spilling out

Eclipsing the moon **C**  
**G7M**  
Deep, deep, down

Getting back up **C**  
**G7M**  
Check your jacket pocket

Check your jeans **C**  
But it's not enough
