

The Steel Woods - I'm Gonna Love You

tom:

I'm gonna love you

I don't know how that I can make
Your dreams come true

But I know I'm the one to get it done
With a flower or a gun

And that's the truth
Listen to me now, I'm gonna love you

I'm going out young
I don't know when or how
But I'll be on the run

Chasing down this dream
I have with you into the Sun

Oh, listen to me now, we're going out young
And it's a long road
We're bound to break down
We got a long way to go

But can't nobody stop us now

[Solo] Em C G D
Em C G

I'm gonna love you
With everything I have and everything I do

I know I'm the one to get it done
With a flower or a gun

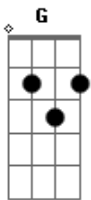

And that's the truth
Oh, listen to me now, I'm gonna love you

And it's a long road
We're bound to break down
We got a long way to go

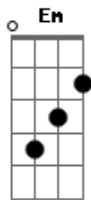

But can't nobody stop us now

I'm gonna love you
I'm gonna love you
I'm gonna love you
