

The Strokes - 12:51

Tom: **E** (1:17)

(intro) **Am E**

(verso)

(**E A Gbm B**)

Talk to me now I'm older

Your friend told you 'cause I told her

Friday nights have been lonely

Change your plans and then phone me

(ponte) **E Dbm B**

We could go and get fourties

Fuck goin' to that party

Oh really your folks are away now?

Alright let's go you convinced me

Am E
12:51 is the time my voice

Found the words I sought

Is it the stage I want?

The world is shutting out for us

We were tense for sure

I won't try to control you

Friday nights have been lonely

Take it slow but don't warn me

We could go and get fourties

Then we'd go to some party

Oh really your folks are away now?

Alright I'm coming I'll be right there
(**E Dbm B**)

Acordes
