

The Strumbellas - Wars

tom:

I climbed a mountain and never came back
 I will not quit, and I always fight back
 And from this moment, for all my life
 What could I say

And what could I say
 Just living for today

I'm from a small town, of hard-working folks
 Were all born rich and we all died broke
 And from this moment, forever I can hope

[Pré-Refrão]

What could I say

And what could I say
 Just living for today

[Refrão]

And we all know that the sun will shine
 I must go and chase this dream of mine
 And I know I can do you proud
 When I'm high above those clouds, at all

[Segunda Parte]

I don't sing well, but I got a lot of heart
 This world's a pirate, and I'm swimming with the sharks
 And in the sunlight, I'm shaking like it's dark

[Pré-Refrão]

What could I say

And what could I say
 Just living for today
 [Refrão]

And we all know that the sun will shine
 I must go and chase this dream of mine
 And I know I can do you proud
 When I'm high above those clouds

And we all know that the sun will shine
 I must go and chase this dream of mine
 And I know I can do you proud
 When I'm high above those clouds

[Ponte]

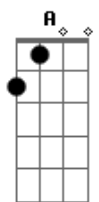

And I can't sleep, but I'm fine
 There's a soldier, soldier in my mind
 And I can't sleep, but I'm fine
 There's a soldier, soldier in my mind
 There's a soldier, soldier in my mind
 There's a soldier, soldier in my mind
 There's a soldier, soldier in my mind
 There's a soldier, soldier in my mind
 There's a soldier, soldier in my mind

[Refrão]

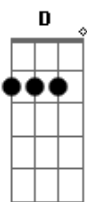

And we all know that the sun will shine
 I must go and chase this dream of mine
 And I know I can do you proud
 When I'm high above those clouds

And we all know that the sun will shine
 I must go and chase this dream of mine
 And I know I can do you proud
 When I'm high above those clouds
