

The Tears - Autograph

tom:
 D
 And the morning comes with coffee we can share
 Em A D D7M
 And the smell of cigarettes is in your hair
 Em A D D7M
 There's the sound of shouts outside the hotel room
 Em A D D7M
 Like the night before when cameras flattered you
 G D7M
 And if we don't have a future
 Gbm Bm
 If our lives split like shattered bits of glass
 G D7M
 And if we don't have a future
 E A
 Just leave your autograph
 D A
 Your autograph
 Em A D D7M
 And the night before the neon lit our fate
 Em A D D7M
 And our shadows painted many different shapes
 Em A D D7M
 But now the mood has turned complex and altered you

Em A D D7M
 There's just the smell of cigarettes left in the room
 G D7M
 And we make fake conversation
 Gbm Bm
 And we pick through broken bits of glass
 G D7M
 And it's all just complication
 Gbm Bm
 And too complex to ever last
 G D7M
 Cos if we don't have a future
 Gbm Bm
 And if this kiss dissolves into the past
 G D7M
 And if we don't have a future
 E A
 Just leave your autograph
 D A
 Your autograph
 E A
 Just leave your autograph
 D A
 Your autograph

 Just leave your autograph
