I knew who you were, it was perfectly obvious C \frac{1}{G} \frac{1}{Am} \frac{1}{G}
I was uncomfortable playing it cool
Dm C G C Dm C G
But I feel like I have al-ways known you
       G Am
I kept you close and I thought you would question it C G Am G
Young in the night, when we stare like the rest of them
God forbid
Dm C G
Oh my God
I would hold you close
'Cause it is a lonely world
              Dm
But would you want me too
              G
'Cause it is a lonely world
C G Am G
