

## The Vamps - Pictures Of Us

```
Tom:
Intro: Gbm Dbm D
Is it your fault or my fault?
Tell me who's taking the blame
Is it your arms or my arms?
How'd we let it slip away?
Are you thinking what I'm thinking?
Do you even remember me?
Are you seeing what I'm seeing
Or am I just a memory?
                       Dbm
All those summer nights over in a flash
But forever last, baby
Every time that I think I'm moving on
I just stumble on
           Gbm
Pictures of us on the screen
          Dbm
They don't tell the story right
Only the capturing the nights
          Ghm
We were in love
       Е
You and me
        Dbm
They just make me want you back
That's why I shouldn't be looking at

Pictures of us
Is it your eyes or my eyes
That's making the tears fall?
Is it your loss or my loss?
It's got me all emotional
Are you hurting like I'm hurting?
Is your heart back in one piece?
Do you miss it like I miss it
