

# The Vamps - Shivers

Tom: G

We've all had better days, days, they fade away  
 All that matters is where we are now  
 I'm a sinking stone carrying too much alone  
 All that I want is to be by your side  
 There's so much on my mind  
 Leaving me asking "Why?" I am so cold  
 My head's just above the water  
 And I wanna know who thought you  
 Just how to live this life, you know

You send shivers down my spine whenever I feel low  
 And when I'm so far from home, always count my stars at night  
 You send shivers down my spine whenever I feel low  
 And when I'm so far from home, always count my stars at night  
 You send shivers down my spine

And when the skies are grey, my demons come out to play  
 I promise they are not here to stay  
 Whenever we go now, I'm there if you fall down

Just now that I will only be by your side  
 There's one thing on my mind  
 You look into my eyes, and then you know

You send shivers down my spine whenever I feel low  
 And when I'm so far from home, always count my stars at night  
 You send shivers down my spine whenever I feel low  
 And when I'm so far from home, always count my stars at night  
 You send shivers down my spine

I'll be there when you get lonely  
 You have done the same for me  
 You can fall into my arms, fall back asleep  
 I know that people change, and you might too  
 I will back you through and through  
 I believe it all happens for a reason

You send shivers down my spine whenever I feel low  
 And when I'm so far from home, always count my stars at night  
 You send shivers down my spine whenever I feel low  
 And when I'm so far from home, always count my stars at night  
 You send shivers down my spine
