The Vamps - Waves

Tom: G

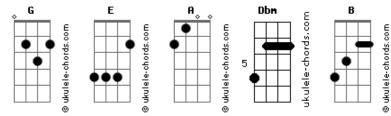

F My hands are shaking E Holding photos taken And I wanna get you out of my head I'm bruised and broken E By the words I've spoken And there's not much of me left F The cold in my bones I feel it in any weather Ghosts in my home They leave 'cause they can find much better Lo and behold, I'm on my own With only myself to blame 'Cause I'm a fool F I let you down, I let you down I made waves, and I'm ashamed F This all for you I let you down, I messed around I made waves, my mistakes, yeah I know I'm not perfect And I know you're hurting I'm sorry that I wasn't there When I call in the morning F Without any warning

I'll say all the things that I should've said

E The cold in my bones

I feel it in any weather
