

The Wallflowers - Another One In The Dark

Tom: B

m ^D
 We took 'em high, we took 'em straight up the hill ^G
^D
 They wanted it all, we gave 'em such a fill ^G
^D
 In their parades we stole every thrill ^G
^D
 And in their games we made every kill

^D
 We took them hard, we took them up against the wall ^G
^D
 In their loss we never let them fall ^G
^D
 In their flames we sailed up to the moon ^G
^D
 In their rains we stayed dry like a fire would

^D ^{D7M} ^{Bb}
 So the bottom of my fears
^D ^G
 Is that the girl might just disappear
^D
 But that'll be the death of me
^A
 The day she's just a memory
 (^{Bm} ^{Bm} ^A ^G ^{Bm} ^{Bm} ^A ^G)

^{Bm}
 Well she turned out the lights
^G
 When she opened the whites of my eyes
^D
 Another one in the dark
^{Gbm} ^{Bm}
 Broken hearted mama
^A ^G ^A ^{A7M}
 Just another one in the dark

^D ^G
 When we rolled, rolled on like a big drum
^D ^G
 We went to the top just above everyone
^D ^G
 They wanted to win, tie us up with a string, and steal everything
^D
 We took 'em skin on skin, we laid 'em down in the ring

^D ^{D7M} ^{Bb}
 So I swear, we're a pair
^D ^G
 Like loneliness and a prayer
^G
 And you know I may still believe
^A
 You may still need me
 (^{Bm} ^{Bm} ^A ^G ^{Bm} ^{Bm} ^A ^G)

^{Bm}
 Well, she turned out the lights
^G
 When she opened the whites of my eyes
^D
 Another one in the dark
^{Gbm} ^{Bm}
 Broken from the start
^A ^G ^A ^{A7M}
 Just another one in the dark

^D ^G
 And in their nights we made out with a loud scream
^D ^G
 And in their sleep we howled inside every dream
^D ^{D7M} ^{Bb}
 So if you're trying to break me
^D ^G
 Come on why don't you shake me
^D ^A
 Right out of my tree, the one that you made me, me

^{Bm}
 Well, she sang out of tune
^{Bm}
 When she shot down the moon
^G
 As I saw my all freeze
^{Bm}
 Down onto my knees
^{Bm}
 Where I was hit at the hip, between the cup and the lip
^G
 As I was struck down under, with lightning and thunder
^{Bm}
 As she cut all the strings, that I'd tied to her wings
^G ^D ^{Gbm} ^{Bm}
 Leaving me in the dark, we stood just feet apart
^A ^G ^A ^{A7M} ^D
 But she never seen me at all
