

# The Walters - All Of Our Days

tom:

Intro: C F C G7

I saw you dancing in the room with your high heels on, it's true

We fight but you stay the night

So don't bother asking me, I'm always on your team

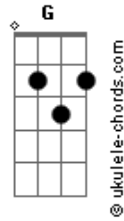

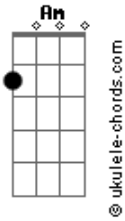

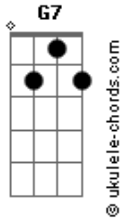

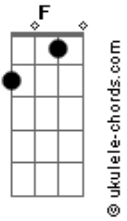

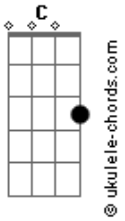

No matter what I'm here for you

I'm alright when you're okay

I wouldn't mind if we could spend all of our days

## Acordes

I saw you crying in your bed last night  
It took everything in me not to hold you

You have that look in your eyes

A delicate disguise by lies that we've said, oh, yeah

I'm alright when you're okay

I wouldn't mind if we could spend all of our days

I'm alright when you're okay

I wouldn't mind if we could spend all of our days
