The Wanted - Love Sewn
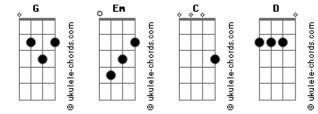

Tom: G

```
     G                                    Em
Yeah we fell we fell so hard we sold out
Yeah we fray and fade away
              C
we never cut loose there's nobody but you
        G
nobody else (nobody else)

G                             Em
Yeah we feel we feel all of the same thing
                        C
You find you find all of my secrets
Locked up deep inside of me
               G
I know your always right
(Always right)

C           D
So save your words,
              C
I'm bleeding inside,
      D                            C
You see the hurt, no where left to hide
        D                     Em
and all this time, you're slipping away from me
        C
bring me to my knees

G                   D
 Now I'm lying on the floor,
                 Em
with no one else to blame
              C                          G
torn apart and knowing that I'll mess it up again
           D                        Em
Now I don't recognize just what we used to be
                 D                C
and I can see us tearing at the seams

C            D                      C
We cover up the scars, and never let them go
                    D
Stitch up our broken hearts this love is sewn
G
(this love is sewn)

G                             Em
Yeah we try, we try to leave them behind
                                       C
All our mistakes, we stumble though a million fights

Every time we twist the knife
                    G
We forgive never forget, never forget
