

The Warning - Breathe

tom:

Fm (forma dos acordes no tom de Dm)

Capostrate na 3ª casa

The water's getting way too cold
 I thought it'd learn to keep me warm
 But it's reaching down my throat
 And it's freezing all my bones still
 I try to reach over the endless waves
 Can't call for help so I'll just call my name
 But not even I can hear
 I'll just disappear without a trace
 Is it so wrong
 Wrong to want to be alright?
 Perfect in pain

It's the same all the time

(G Bm G Bm)

I try my very best to stay afloat
 But there's something down there that just wants me close
 And I beg myself to breathe
 But there's nothing within reach now
 Is it so wrong
 Wrong to want to be alright?
 Perfect in pain
 It's the same all the time
 Oh oh ohh
 Oh oh ohh
