

# The White Buffalo - Dark Days

Tom: G  
Intro: G

C  
Wipe the dust from my saddle  
Like an old familiar friend  
Life and time will pass you by  
Don't worry 'bout the shit  
G  
That you can't mend

C  
Wash the troubles from my mind  
I know they'll never end  
Futures looking brighter  
G  
We can always ride again

D  
Misfits, drunks and Philistines  
I've been them all before  
C  
But I know that I don't  
G  
Want them anymore

C  
Feel the sun cast my shadow  
Growing bigger and brand new  
Things to kill the hard times  
G  
What's it really matter to you

I've had one constant in my life  
The love of my woman  
She's everything and in between

I hope she never goes away

Dark days behind me

Hope the good days don't blind me

A puddle on the floor

You've made me a life worth living for
