

# The White Buffalo - Good Ol Day To Die

Tom: G

Back in the 18th Century  
 when the west is wild as the eye could see  
 Pack up the wife and the wagon get some land for free  
 A hellish trail to liberty

And ohh, It?s a good ol' day to day to die  
 But I ain't gonna die today

Dangerous road I don?t think its not  
 where the sun is blazin' and my steel is hot  
 the bad guys carry rounds and my guns are out  
 I go clack clack clack  
 so they can stretch out  
 In a box, well it?s a good ol' day to day to die  
 But I ain't gonna die today

Lost out in the dust, well it?s a hustle it?s a bustle  
 I?ve been lookin' to hell to get out...alone

( G D G )

Death comes a knockin' like a bullet from the shadow  
 Oh my god!!!! I'm not ready for the light

( G D G )  
 ( G D G )

Man in black approaches from the east  
 I?ll take your wife and your wagon and your family  
 You're never gonna get out of here alive  
 So up under this chin I place my .45  
 I said lord, uh it?s a good ol' day to day to die  
 But I ain't gonna die today, lord!
