

The White Buffalo - Love Song #2

Tom: C

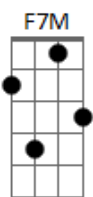

C
 nine hours away F7M C count the minutes F7M pass the days
C
 I'm all wrapped up in an F7M endless haze G I'm missing you
C
 wish you could poison me with your F7M stare
C
 heart and soul beyond F7M repair C but you sit F7M idley unaware
G
 that i was missing you
C
 oh my darlin will i see you F7M again C F7M i'd rather just C pretend
 that you're
G
 around C oh my darlin will i see you F7M again C F7M i'd rather just C
 pretend that
G
 you're around
C
 got drunk another F7M fight C it helps me sleep F7M through the night
C
 well i still stare at your picture F7M every night G well i was

kissin' you
C
 memories explode in thin F7M air C fireworks of F7M times we shared
C
 cause you sit F7M idley unaware G that i was missin' you
C
 oh my darlin' will i see you F7M again C F7M i'd rather just C pretend
 that you're
G
 around C oh my darlin will i see you F7M again C F7M i'd rather just C
 pretend that
G
 you're around F all the laws G and the sun C don't seem to F7M
 play
C
 spend my days and my G nights C alone
C
 oh my darlin' will i see you F7M again C F7M i'd rather just C pretend
 that you're
G
 around C it's alarming how my F7M thoughts of you will C send
F7M
 me to a place i can C pretend that you're G around
