

# The White Buffalo - Oh Darlin What Have I Done

Tom: D

Oh darlin, darlin what have i done  
 I've been away from you to long  
 and all my days have turned to darkness  
 and i believe my heart has turned to stone  
 oh darlin, darlin what have i done  
 now i don't say anything at all  
 well God don't listen to me no ways  
 and now i'm left here all alone  
 oh oh i hear what the neighbors say  
 that poor boy he's lost his way  
 I let the others pray  
 Oh darlin, darlin what have i done  
 now i do my talkin with a gun  
 and blood will spill into the gutters

and it will stain the morning sun  
 oh oh tell me what the hell i've done  
 can i stop at one, or have i just begun  
 take out the bodies that live, oh it gets me high  
 i think i'm gonna get my fill of takin lives  
 Lord i don't wanna let my baby down  
 well i just wanna give her something one of a kind  
 oh darlin, darlin what have i done  
 i've been astray from you to long  
 and all my days have turned to darkness  
 hell is leaving the light on  
 oh well they'll hang me way up high  
 God himself will drop me from the sky, and let me swing awhile  
 oh darlin, darlin what have i done what have i done
