Tom: C

Intro:

Well It's a silent shriek without a sound  
 He's coming' soon to your small town, yeah  
 He's searching for something he won't find  
 Well he's a mad, mad man with a mad, mad mind yeah  
 Half a fifth of Jack Daniels  
 He wipes his nose and takes a pull  
 Well he ain't young he ain't old  
 He's a troubled man with a morbid soul, yeah  
 C(hold) E(hold)  
 Oh, the mad man cometh, yeah  
 He don't answer to no one  
 Well he's no ones papa he's no ones son, yeah  
 He won't sleep till' they're dead  
 He's got a swazi on the top of his head, yeah  
 Down from the heavens from which he fell  
 Well he's a demon child sent straight from hell  
 Throws one more shot of bourbon back  
 Well he's a mean motherfucker; he's a man in black, yeah  
 C(hold) E(hold)  
 Oh, the mad man cometh, yeah

And the pigs are on his heels  
 Guns are drawn he's in their sights  
 And they think they've got their leads  
 But he's a friend of the night  
 Like the ravage of a holy flood  
 Three lay dead in a pool of blood, yeah  
 Above broken bodies madness stands

Blood on his beard and blood on his hands  
 Hides in the shadows of the still of the night  
 And you won't see him coming no, no!  
 Done the dead and flees the scene  
 Out of the corner of your eye you see the mad man running  
 C(hold) E(hold)  
 Oh, the mad man cometh  
 Oh the pigs are on his heels  
 Guns are drawn he's in their sights  
 And they think they've got their leads  
 But he's a friend of the night  
 And as they follow the trail of blood  
 And they know they've got their mark  
 But the madman can't be found  
 He disappears into the dark

Well it's a silent shriek without a sound  
 Well he's coming soon to your small town, yeah  
 And he's searching for something he won't find  
 Well he's a mad, mad man with a mad, mad mind, yeah  
 Like an animal out of his den  
 You better hide your money better hide your children  
 You can't keep your fear at bay  
 Cause the madman roams these streets today  
 C(hold) E(hold)  
 Oh, the madman cometh, yeah  
 C(hold) E(hold)
