

The White Stripes - Apple Blossom Live Solo

Tom: **C**

(After second verse)

Tuning: Standard (low to high: EADGBe)

The rest of the song is the same as **CD** version but electric and with a different solo.

This is from "Under Black Pool Lights" **DVD**

Jack uses a whammy pedal to gain his unique sound for this solo, but if you don't have one, the best way to achieve this sound is to use the bridge pickup with tone knob turned all the way to zero.

End

Key

~ - Vibrato

h - hammer on
