DROPPED D TUNING

(note - I think this song is actually either in dropped C tuning or White uses a whammy bar for the fills during the chorus. He only plays the low C twice during the entire song though, so I've omitted one which isn't really necessary and changed the other to keep it dropped D.)

If you think that a kiss is all in the lips
cmon, you got it all wrong man
and if you think that our dance was all in the hips

If you think holdng hands is all in the fingers
grab hold of the soul where memory lingers and
make sure to never do it with them fingers
cause I'll tell everyone in the world, but he was

VERSE

a lot of people get confused and they bruise
real easy when it comes to love
they start puttin on their shoes and walkin out

CHORUS

the boat ya you know she's rockin it
and the truth well ya know there's no stoppin it

the boat ya you know she's still rockin it
the truth well you know there's no stoppin it

VERSE

So, so what, somebody left you in a rut
and wants to be the one who's in control
but the feeling that you're under can really make you wonder
how the hell she can be so cold

So now you're mad, denying the truth
and it's gettin in the wisdom in the back of your tooth, ya
need ta
spit it out, in a telephone booth
while ya call everyone that you know, and ask 'em

PRECHORUS

where do you think she goes
oh ya, where d'ya suppose she goes, oh

CHORUS

the truth well you know there's no stoppin it
and the boat well ya know she's still rockin it
oh

the boat ya you know she's still rockin it
and the truth ya you know there's no stoppin it

VERSE

you recognize with your back in the back?
that it's colder when she rocks the boat, but it's the
cause hittin on the Cardinal Laws?
