

# The White Stripes - Effect And Cause

Tom: A

A A A A  
A A E A

I guess you have to have a problem  
If you want to invent a contraption  
first you cause a train wreck  
then you put me in traction  
well first came an action  
And then a reaction  
But you can't switch around  
For your own satisfaction  
Well you burnt my house down  
And then got mad at my reaction  
Well in every complicated situation  
now there's human relation  
making sense of it all  
Takes a whole lot of concentration  
Well you can't blame a baby  
For her pregnant ma  
then it feels one of these  
aren't whole lotta applauded  
that you just can't take the effect and make it the cause  
Well you can't take the effect  
And make it the cause  
I didn't rob a bank  
because you made up the law  
Blame me for robbing peter  
Don't you blame paul  
[tacet]  
Can't take the effect

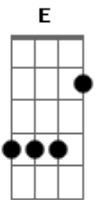

And make it the cause

A E A  
A  
I ain't the reason that you gave me  
No reason to return your call  
You built a house of cards  
And got shocked when you saw them fall  
Well I ain't saying I'm innocent  
In fact the reverse  
But if you're heading to the grave  
ya don't blame the hearse  
You're like a little girl yelling at her brother  
Cos you lost his ball  
You keep blaming me for what you did  
but that ain't all  
The way you clean up the wreck  
Is enough to give one pause, yes  
You seem to forget just how this song started  
I'm reacting to you  
because you left me broken hearted  
you see you just can't take the effect and make it the cause  
Well you can't take the effect  
And make it the cause  
I didn't rob a bank  
because you made up the law  
Blame me for robbing peter  
Don't you blame paul  
[tacet]  
Can't take the effect  
And make it the cause
