

# The White Stripes - Sister Do You Know My Name

|                                  |   |
|----------------------------------|---|
| Tom: <b>A</b>                    | (Riff 4)                                    |
| (com acordes na forma de )       | (Riff 1) (2x)                               |
| Riff 1:                          | (Riff 1)                                    |
| Passagem:                        | i didn't see you at summer school           |
| Riff 3:                          | (Variação 2)                                |
| Riff 4:                          | but I saw you at the corner store           |
| Variação 1:                      | (Riff 1)                                    |
| Variação 2:                      | and I don't want to break the rules         |
| Variação 3:                      | (Passagem)                                  |
| Variação 4:                      | cause I've broken them all before           |
| Variação 5:                      | (Riff 3)                                    |
| Final:                           | But every time I see you                    |
|                                  | I wonder why                                |
|                                  | I don't break a couple rules                |
|                                  | so that you'll notice me                    |
|                                  | (Riff 4)                                    |
| (Riff 1)(2x)                     | (Riff 1)                                    |
| (Variação 1)                     | (Variação 3)                                |
| Well we're back in school again  | (Variação 4)                                |
| (Riff 1)                         | Sister do you know my name?                 |
| and I don't really know anyone   | (Passagem)                                  |
| I really want to be your friend  | I've heard it before but I want you to know |
| (Passagem)                       | (Variação 5)                                |
| cause I don't really know anyone | I got a funny feeling                       |
| (Riff 3)                         | that it's gonna work out                    |
| And the bus is pulling           | cause now I see you sitting here            |
| up to your house                 | next to me                                  |
| I wish you could be sitting here | (Final)                                     |
| next to me                       |   |
