 Some people seem so obsessed with the morning

 Get up early just to watch the sun rise

 Some people like it more when there's fire in the sky

 Worship the sun when it's high
Em B7
 Some people go for those sultry evenings
Em B7 Em
 Sipping cocktails in the blue, red and grey

 I like every second, so long as you are on my mind
G Bbdim
 Every moment has its special charm
Bm A7sus4 A7

It's all right when you're around, rain or shine

I know a crowd who only live after midnight
 Their faces always seem so pale
 And then there's friends of mine who must have sunlight
 They say a suntan never fails
 I know a man who works the night shift
 He's lucky to get a job and some pay
 And I like every minute of the day

I dig every second, I can laugh in the snow and rain
 I get a buzz from being cold and wet
 The pleasure seems to balance out the pain

And so you see that I'm completely crazy
 I even shun the south of France
 The people on the hill, they say I'm lazy
 But when they sleep, I sing and dance
 Some people have to have the sultry evenings
 Cocktails in the blue, red and grey
 But I like every minute of the day

G A7 D D D D D D D D
 I like every minute of the day
