

The Who - Heaven And Hell

Tom: C

Intro: G Eb C G F

(G F)
 On top of the sky is a place where you go if you've done
 nothing wrong,
 If you've done nothing wrong.
 And down in the ground is a place where you go if you've been
 a bad boy,
 If you've been a bad boy.
 Why can't we have eternal life,
 And never die,
 Never die?
 (G F)

In the place up above you grow feather wings and you fly round
 and round,

With a harp singing hymns.
 And down in the ground you grow horns and a tail and you carry
 a fork,
 And burn away.
 Why can't we have eternal life,
 And never die,
 Never die?
