BASE 1

Take a little dope and walk out in the air  
 The stars are all connected to the brain  
 Find me a woman and lay down on the ground  
 Her pleasure comes falling down like rain  
 Get myself a car, I feel power as I fly  
 Oh, now I'm really in control

**Eb**      **C**      **G**      **Eb**  
 It all looks fine to the naked eye  
           **C**                **G**                                **F**      **C**  
 But it don't really happen that way at all  
 Don't happen that way at all.

You sign your own name and I sign mine  
 They're both the same, but we still get separate rooms  
 You can cover up your guts, but when you cover up your nuts  
 You're admitting that there must be something wrong  
 Press any button, and milk and honey flows  
 The world begins behind your neighbor's wall

 You hold the gun and I hold the wound  
 And we stand looking in each other's eyes  
 Both think we know what's right, both know we know what's wrong  
 We tell ourselves so many, many, many lies  
 We're not pawns in any game, (we're) not tools of bigger men  
 There's only one who can really move us all

(refrão)
