BASE 1

Take a little dope and walk out in the air
 The stars are all connected to the brain
 Find me a woman and lay down on the ground
 Her pleasure comes falling down like rain
 Get myself a car, I feel power as I fly
 Oh, now I'm really in control

Eb **C** **G** **Eb**
 It all looks fine to the naked eye
 C **G** **F** **C**
 But it don't really happen that way at all
 Don't happen that way at all.

You sign your own name and I sign mine
 They're both the same, but we still get separate rooms
 You can cover up your guts, but when you cover up your nuts
 You're admitting that there must be something wrong
 Press any button, and milk and honey flows
 The world begins behind your neighbor's wall

(C D D C G G F C D C G)
 You hold the gun and I hold the wound
 And we stand looking in each other's eyes
 Both think we know what's right, both know we know what's wrong
 We tell ourselves so many, many, many lies
 We're not pawns in any game, (we're) not tools of bigger men
 There's only one who can really move us all
