

The Who - Old Red Wine

Tom: F

(intro)

D **Eb4** **Em7** **Em7** **Em**
 Old red wine, well past its prime
Am **G** **C**
 May have to finish it after crossing the line
D **Eb4** **Em7** **Em7** **Em**
Am **G** **C** **C** **F**
 Dusty old wine, two thousand a time,
Eb **Bb** **F** **C** **Bb**
 An inch of black mud always left behind
Eb **Bb** **F** **Gm** **Bb**
 They say you turned it while the sun still shined
Eb **Bb** **F** **Bb**
 That gorgeous girl with you was highly primed
Eb **Bb** **F** **Bb**
 She said she'd take you way down or way up
Eb **Bb** **F** **Gm** **G** **A**
 She might break your heart, she might crack you up

(repetir as notas)

Old red wine, not worth a dime,
 Gonna have to drink it with yer some other time
 Expensive old wine, forty years lyin',
 Mice chewed the labels, don't know what we're buying

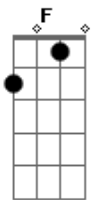

Back home in California they got wine for the meek
 There's a Bowl and a Fillmore, the Cow and the Greek
 You sniffed at the cork, chose low on the list
 Had your back to the lights and gazed through the mist

Old red wine, well past its prime,
 Gonna have to drink it with you some other time

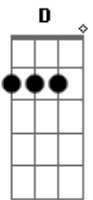

(D Eb4 D Eb4)

Just let it breathe Oh, let it breathe Breathe life Breathe
 life Let it breathe
 Oh, let it breathe Let it breathe...
