

The Wonder Years - We Look Like Lightning

tom:

Bm
[Primeira Parte]

Bm **D** **G**
I forgot what month it is again
Bm
I'm half awake
D **G**
I know it's wrong but I swear to God it's almost Christmas
Bm **D** **G**
In a language I don't understand
Bm **D**
There's a shaking voice on the PA
G
The other passengers seem nervous

[Refrão 1]

I'm playing
Em **G** **D**
What song do you want to die to?
Em **G**
What song do you

[Segunda Parte]

Bm **D** **G**
I'm suddenly aware of our speed
Bm **D**
Sew the world together tightly
G
Cinch the gaps with pins and string
Bm **D** **G**
And the beacon out there on the wing
Bm **D**
It lights the clouds from inside out
G
And from the ground we look like lightning

[Refrão 2]

I'm playing
Em **G** **D**
What song do you want to die to?
Em **G**
What song do you
(**Bm** **D** **G**)

[Terceira Parte]

Bm **D** **G**
I'm everywhere at once again

Bm **D**
I hear the ocean in the engine
G
I feel the moonlight creeping in
Bm **D** **G**
Maybe it's all in my head
Bm **D**
An unknown foreign presence in your bloodstream
G
I'm a stranger in my bed

[Refrão 3]

I'm playing
Em **G** **D**
What song do you want to die to ?
Em **G** **D**
What song do you want to die to?
Em **G** **D** **A**
What song do you want to die to?
Em **G**
What song do you?

(**Bm** **D** **G**)
[Ponte]

Bm **D** **G**
I'm flashing back to us one night in a prairie town
G
(Tornado alley, outrunning a storm)
Bm **D** **G**
They can see the dirt there under my fingernails
G
(I'm just a pile of bones left on an airport floor)
Bm **D** **G**
The bags under my eyes have got space when you bottom out
G
(To pack your things and make a break for the door)
Bm **D** **G**
One day the things you love are gonna put you in the ground
G
(But I'm planning on running 'til I can't anymore)

[Final]

Em **G** **D**
What song do you, want to die to?
Em **G** **D**
What song do you, want to die to?
Em **G** **D** **A**
What song do you, want to die to?
Em **G**
What song do you?
Em **G**
What song do you?
