

The Young Veins - Defiance

Tom: A

riff 1:

There was a hope when we found the bridge
 Of a place we'd never been
 Defiance
 And ever since I was a kid
 They said just stay away from there
 Boy don't you ever live
 In Defiance, defiance

[riff 1]

From the outside looking in
 I sure do make an easy target
 It's nice to think that you are always wanted
 I'm not afraid to laugh
 And I don't mind taking a photograph

Because you don't ask for my autograph
 In defiance, defiance

[riff 1]

Yet she said it was rusted lead
 That love could never live again
 But they found a way to make it stay
 In defiance
 She asked
 Defiance
 She asked
 Why can't we just be friends?
 This kind of thing always happens
 I fell in love again
 With defiance, defiance
 In defiance
