

# The Young Veins - Heart Of Mine

Tom: G

**G**  
 If I could ask for anything  
 I'd only want my girl  
 I've seen a lot of things  
 Going on all around the world

( **G** )

**C** **G**  
 I had to leave her all alone  
**C**  
 I wrote this down

**Am**  
 So I could let her know

**G**  
 That I only want to see her

**Em** **G**  
 You should take this heart of mine

**D** **G**  
 She always had that heart of mine  
 (Always had that heart of mine )

**G**  
 If I could win the lottery  
 We'd sail across the world  
 Travel to the Philippines

To buy an island just for you and me

**C** **G**  
 Girls on the Equator  
**C** **G**  
 Never even compare  
**C** **G**  
 I only want to see her

**Em** **G**  
 You should take this heart of mine

**D** **Am**  
 She always had that heart of mine

**Em** **G**  
 You should take this heart of mine

**D** **G**  
 She always had that heart of mine  
 (Always had that heart of mine )

**Em** **G**  
 You should take this heart of mine

**D** **Am**  
 She always had that heart of mine

**Em** **G**  
 You should take this heart of mine

**D** **G**  
 She always had that heart of mine  
 (Always had that heart of mine )
