Intro: **G F**  
**G F**

**G**  
Love is but a song we sing  
**F**  
Fears the way we die  
**G**  
You can make the mountains ring  
**F**  
Or make the angels cry  
**G**  
Though the dove is on the wing  
**F**  
And you may not know why  
**C**  
Come on people now  
**D**  
Smile on your brother  
**G**  
Everybody get together  
**C D G**  
And try to love one another right now  
**G**  
Some may come and some may go  
**F**  
He will surely pass  
**G**  
When the one that left us here  
**F**  
Returns for us at last  
**G**  
We are but a moment's sunlight  
**F**  
Fading in the grass  
**C**  
Come on people now  
**D**  
Smile on your brother  
**G**  
Everybody get together  
**C D G**  
And try to love one another right now  
**C**  
Come on people now  
**D**  
Smile on your brother  
**G**  
Everybody get together  
**C D G**

And try to love one another right now

**C**  
Come on people now  
**D**  
Smile on your brother  
**G**  
Everybody get together  
**C D G**  
And try to love one another right now  
( **G F** )  
( **G F** )  
**G**  
If you hear the song I sing  
**F**  
You will understand, listen  
**G**  
You hold the key to love and fear  
**F**  
All in your trembling hand  
**G**  
Just one key unlocks them both  
**F**  
Its there at your command  
**C**  
Come on people now  
**D**  
Smile on your brother  
**G**  
Everybody get together  
**C D G**  
And try to love one another right now  
**C**  
Come on people now  
**D**  
Smile on your brother  
**G**  
Everybody get together  
**C D G**  
And try to love one another right now  
I said  
**C**  
Come on people now  
**D**  
Smile on your brother  
**G**  
Everybody get together  
**C D G**  
And try to love one another right now  
**D G**  
Right now  
**D G**
