

Théo Michels - About Last Night

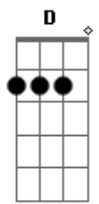

Tom: D

Last night i woke up in my bed
 But I couldn't see you anywhere
 And eventhough you were by my side
 It just didn't feel right

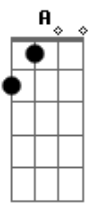

Last night i woke up in my bed
 And all i saw was you standing there
 Standing just by my side

And suddenly everything was alright
 Ooooo the sky's
 Falling down right now
 But with you
 I'll survive
 Ooooo the sky's
 Falling down right now
 But with you
 Yeah with you
