I was born of nothing and nothing I will be

What's the purpose in exist?

Things are always meant to be or can we change our destiny?

The feelings are costumes to the million stones

You can hide how hard is your own

But if you look the more closer, they're all dust that will one day will over

Yeah, yeah, yeah, yeah, dust from nothing

Yeah, yeah, yeah, yeah, dust from nothing

Yeah, yeah, yeah, yeah, dust from nothing

Yeah, yeah, yeah, yeah, dust from nothing

This is my reality now and I don't know how

People say don't stop trying, but anyway one day I'll die  
The feelings are unreal, it serves like a shield  
Everyday I can feel like I was part of a infinite wheel

Yeah, yeah, yeah, yeah, dust from nothing

Yeah, yeah, yeah, yeah, dust from nothing

Yeah, yeah, yeah, yeah, dust from nothing

Yeah, yeah, yeah, yeah, dust from nothing
