Sugaram meu sangue na ?copa?; ?cabana? da selvageria

Tristes retratos da mortalidade, Da loucura litoral!

Sugaram a arte ?Bacana?! Tiraram a sua alegria

Em troca da imposta bondade

Sem dó, ao sol, depois de lá!

Viva a loucura tão grande!

A doença é pequena

Tuas verdades são grades

E são minhas as penas

Em

Sugaram meu sangue na ?copa?; ?cabana? da selvageria

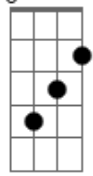

Sugaram de ti a poesia, fizeram de nós rebeldia!

Tristes retratos da mortalidade, Da loucura litoral!
