

Thievery Corporation - The Time We Lost Our Way

Tom: **C**
Intro: **Am**

Main Riff

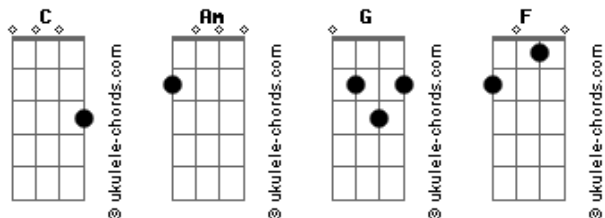

Am **G**
My mind is full bursting over
Am **G**
With all this things I can't remember
Am **G** **Am** **G**
Every little single memory reminds me of you

Am **G**
My eyes were weary with all this tears
Am **G**
You left your shadow in my dreams
Am **G** **Am** **G**
All my doubts seem to disappear when you came along

Chorus

F **G**

Acordes

Flowers melting up into the sky
F **G**
Hear my heart where our love colides
F **G** **F** **G**
We hear the songs we found in the times we lost our way
F **G**
Gentle memories replace our tears
F **G**
All love we had is still right here
F **G** **F** **G**
We hear the songs we found in the time we lost our way

Verse 2

From without words cannot describe
What caused the stars to fall deep inside?
Every little memory reminds me of you

Our days are gone lost forever
Reflecting light glistening under wather
Naturally this could be everything that seems so unreal
