I'll never be afraid

I will hold my head high

Rise above all who try to bring me down

I will hold my head high
C G Am

I know you said it'd be okay

Sometimes I question just the same
C G
I wonder if my problems are too small

Then I look back and realize
G F
All your pain and sacrifice
C G
Oh and how you suffered for us all

Beat me up and drag me down
F G
I'll never be afraid
